### GOD'S CREATION

By Thang Lemlal

In the beginning, there was void with no end in sight. Then the Creator spoke, "Let there be light."

Oceans rise, mountains roar. Life's first show in the cosmic score.

God made the heavens and the Earth.

Everything you see from your very birth.

He made fish that live in the seas. He made animals living among the trees.

Adam was made with God's life-giving breath.

God made Eve and both of them met.

God made the tree of knowledge and of life.

God blessed the animals for them to thrive.

But alas! Temptation came.

Adam and Eve knew what was shame.

Although yes, sin was here.

Hope still stands, forever clear.

Creation, a masterpiece told.

A classic story but never old.
